February 3, 2016

Dear Parents and Guardians:

I am writing to follow up on the phone message alerting you about an incident this morning.

An Osbourn Park High School student was approached by an unclothed man on the way to the bus stop in the area of Charter Court in Lake Ridge. The student was able to get away safely. The police immediately took the man into custody for a medical evaluation. There is no danger to anyone at this time.

While we do not want to cause undue concern, this is a good time to remind students of some basic safety rules.

- Students should walk to and from school and bus stops in groups and be certain that an adult is aware of their arrival;
- They should avoid approaching or talking to strangers; and
- It is vital that students alert you, the police, school staff, or another appropriate adult, if they see or hear anything that causes concern or makes them feel uncomfortable.

Thank you for working together to ensure the continued safety of all our students.

Sincerely,

Neil Beech
Principal
